Have you completed 3 of the 4 shaded courses? If yes, apply for Full Major Status!

□ The **Additional Science Requirement** is satisfied by taking any 1000+ course in the following departments: Biology, Geology & Geophysics, and Atmospheric Sciences.

**Recommended General Education Courses**  
LEAP 1501 Social & Ethical Engineering (BF) - Fall only  
LEAP 1500 Humanities for Engineers (HFDV) - Spring only

# TECHNICAL ELECTIVES

Congratulations on reaching the *Technical Electives!* These delve deeper into the various areas covered in the 3000-level courses. A total of **6** Technical Electives, with the exception of Fastrax students, are required. While you are able to take courses in your areas of interest, further specialization is achieved by pursuing Graduate School.

## Primary Technical Electives

**To graduate with a Bachelor of Science Degree in Civil Engineering you must:**

1. Take at least **one** course from **3 of the 5** emphasis areas in the Primary section. Three different checkboxes **must** be marked to fulfill this requirement.
  2. Complete at least **two** Design courses from **different emphasis areas**. These are designated by a **shaded box**. Example: CVEEN 4221 and CVEEN 5420
- As long as these requirements are satisfied, you may take the remaining **3** technical electives in either section.
